

Dear Store Manager,

I am not sure if you have ever heard of Country Pasta. It is a Homemade Style Egg Pasta that is delicious and I would like it to be a staple in my pantry for quite some time. This is not your ordinary egg noodle. Country Pasta tastes homemade, just like grandma's used to. Just one bite takes me back in time.

It would be great if you could carry Country Pasta in your store!

For more information, please contact Country Foods directly at 1.406.883.4384 or info@countrypasta.com.

Thank you so much for your time and consideration!

Your customer,
